Parent Organization

Turning Point Recovery Center

Turning Point Recovery Center is a private, comprehensive addiction treatment facility dedicated to helping individuals overcome alcohol and drug dependency through compassionate, evidence-based care. We offer a full continuum of recovery services, including **alcohol and drug detox**, **30+ day residential treatment for men and women**, **Intensive Outpatient Programs (IOP),** and **sober living housing programs,** all designed to support lasting sobriety.

Our treatment approach combines clinical excellence with medical supervison and holistic healing. Services include **individual and group counseling**, **psychiatric care**, **trauma therapy**, **family support**, and **continuing care planning**. We also provide **Medication-Assisted Treatment (MAT)** options such as **Brixadi, Naltrexone, Suboxone, & Vivitrol**, as well as **progressive relaxation therapies**, **PEMF and BrainTap Therapy**, **EMDR**, **yoga**, and **infrared sauna sessions** to promote overall wellness.

For clients participating in outpatient services, we offer **supervised sober-living homes for men**, creating a supportive environment for sustained recovery.

At Turning Point Recovery Center, we believe recovery is a journey of transformation—empowering each individual to rebuild their life with purpose, balance, and hope.
