Joe M Stell Adjudications Ombudsman Program

The primary mission of the Joe M Stell Ombudsman Program is to educate unrepresented (*pro se*) parties about: 1) why they would want to actively participate in water rights adjudication, and 2) how to participate in an informed and timely fashion. The Ombudsman acts as a third party neutral advisor and can help *pro se* claimants understand options available to them for responding to pleadings and offers of judgment or consent orders from the state. The Ombudsman does not offer legal advice.
