Visiones Collaborativas/Collaborative Visions

Collaborative Visions' mission is to build collaborative partnerships that empower Northern New Mexico's rural communities to be vibrant, healthy, sustainable and resilient. A key element of this mission is cooperative education. Our goals include: continue increasing capacity of communities and groups served; provide technical support for cooperative initiatives that revitalize sustainable local and regional agriculture; and create partnerships that bring value and support to identified strengths within a community. To accomplish our goals, Collaborative Visions provides technical assistance, organizing, facilitation, training and community capacity building services; facilitates collaboration, partnership building and networking to

support communities to achieve their goals/visions while weaving strong regional relationships.
