Vacant Buildings Initiative

We Are This City is developing a large-scale art initiative as an urban revitalization campaign, focused on Downtown Albuquerque starting with the Rosenwald building at 4th and Central. *We Are This City* has engaged with students from *Ace Leadership*, *Amy Biehl*, and *Freedom High* to install a large-scale art installation on the exterior of the Rosenwald.

The key goal is to grow an extensive, and active community around large-scale art initiatives for Albuquerque and our sister cities which will help revitalize urban areas.
