Business Incubation: WESST Enterprise Center

Helping Businesses Survive + Thrive During the Critical Start-up Phase:

The WESST Enterprise Center is a mixed-use business incubation facility in east downtown Albuquerque. The Silver LEED-certified incubator is a hub for entrepreneurship and small business development in Albuquerque and beyond. The 37,000-square-foot facility offers state-of-the-art amenities and business assistance programs for up to 20 light manufacturing, service, professional and technology businesses.

Emerging businesses who are members of the WESST Enterprise Center receive operational support and resources that help accelerate growth during the critical start-up phase and encourage long-term success. The facility is equipped to house businesses in many industries including artisan manufacturing, digital media production, information technology, and business and consumer services. Today, the Enterprise Center is home to small business members in the technology, health care and biotechnology industries.

The Enterprise Center's amenities and operational support services include:

- A comprehensive program of on-site business workshops, seminars and networking events
- Individual consultations with WESST business professionals
- Access to WESST's network of mentors and advisors in many business specialties including advertising, accounting, finance, law, marketing, operations and sales
- High speed internet access
- Phone service with free long distance in the lower 48 states
- Conference and meeting rooms with audio/visual equipment
- Receptionist service
- Business resource library
- Off-street parking, high bay door access, and flexible office and light industrial space
