Home Visiting

Western Heights Home Visiting is a free program serving families within the South Valley who are expecting or have a child under the age of three. Our vision is to support South Valley families and empower them to raise children who are happy, healthy and successful. We are bilingual and have no waiting list.

The goal of our program is that:

- Babies are born healthy
 - Children are nurtured by their parents and caregivers
 - Children are physically and mentally healthy and ready for school
 - Children and families are safe
 - Families are connected to formal and informal supports in their community
-
