Early Learning & Preschool

The YMCA of Central New Mexico is dedicated to providing high-quality, affordable child care. As the nation's largest provider of child care programs, YMCA's provide family-centered, values-based programs to nurture children's healthy development. Well-trained staff provide safe, affordable, high-quality care so you can have peace of mind while you work.

Like all Y programs, child care is open to all, with financial aid available including state assistance through the Children, Youth, and Families Department (CYFD). Staff members are partners with parents and other caregivers, working together to help children grow up healthy, happy and strong.

At YMCA of Central New Mexico we are dedicated to providing high-quality, affordable early learning and child care that nurtures children's healthy social, physical, and mental development.

Parent Organization

YMCA of Central New Mexico

For over 100 years, the YMCA of Central New Mexico (the Y) has served Albuquerque as a cornerstone community organization and gathering spot for all generations and cultures. The Y's mission is to inspire individuals to achieve their full potential by delivering the highest quality programs and services for Youth Development, Healthy Living, and Social Responsibility.

The Y's three areas of focus are:

* **Youth Development:** The Y believes that all youth deserve the opportunity to discover who they are and what they can achieve. Each year, the Y helps nearly 6,000 youth cultivate the values, skills, and relationships that lead to positive behaviors, better health, and educational achievement.

* **Healthy Living:** The Y is a place where people can learn a new skill or hobby, foster connections with friends through lifelong learning, or participate in family-centered activities that promote health inside and out.

* **Social Responsibility:** The Y fosters care and respect for all people by addressing community needs, including developing skills or emotional well-being through education and training, welcoming and connecting diverse demographic populations through sports, and preventing chronic disease and building a healthier community through fitness.
