Health & Fitness

Being healthy means more than simply being physically active. It's about maintaining a balanced spirit, mind and body. In communities across the nation, the Y is a leading voice on health and well-being. With a mission centered on balance, the Y brings families closer together, encourages good health and fosters connections through fitness, sports, fun and shared interests.

As a result, millions of youth, adults and families are receiving the support, guidance and resources needed to achieve greater health and well-being for their spirit, mind and body.

Group Exercise Classes

Whether you're new to fitness, a seasoned athlete, or somewhere in between you'll get the individual attention, support and resources you need to commit to improving your health and well-being. At the Y, results are not just measured by how many pounds or inches you lose, there measured by how great you feel inside and out.

Healthways SilverSneakers® Fitness

Parent Organization

YMCA of Central New Mexico

For over 100 years, the YMCA of Central New Mexico (the Y) has served Albuquerque as a cornerstone community organization and gathering spot for all generations and cultures. The Y's mission is to inspire individuals to achieve their full potential by delivering the highest quality programs and services for Youth Development, Healthy Living, and Social Responsibility.

The Y's three areas of focus are:

* **Youth Development:** The Y believes that all youth deserve the opportunity to discover who they are and what they can achieve. Each year, the Y helps nearly 6,000 youth cultivate the values, skills, and relationships that lead to positive behaviors, better health, and educational achievement.

* **Healthy Living:** The Y is a place where people can learn a new skill or hobby, foster connections with friends through lifelong learning, or participate in family-centered activities that promote health inside and out.

* **Social Responsibility:** The Y fosters care and respect for all people by addressing community needs, including developing skills or emotional well-being through education and training, welcoming and connecting diverse demographic populations through sports, and preventing chronic disease and building a healthier community through fitness.
