Lowell Es

This is a STEM (This is a Science, Technology, Engineering and Math) related program. After-school program providing tutoring and academic enrichment; including STEM learning. Program uses PCS Edventures Learning Lab programs including the Academy of Engineering, the Academy of Robotics, The Academy of Robotics Challenge program. All programs use BRICKS--Legos for hands-on learning through Science, Engineering, technology, Math and Art. These activities are delivered using a developmental curriculum. All programs that include the Discover STEM Lab, BrickLab, Academy of Science, Little Edventures programs, PCS Digital Media Labs, with professional development courses and training programs. The sophisticated integration of online assessment, hands-on manipulatives, and project based learning curriculum within these programs is proprietary to PCS Edventures.
